

Hello national secretaries, I want to quickly introduce myself.

I'm Andreas Pich, born 01.03.1966, and my occupation is firefighter.

I bought my first OK in 1981 and with only a few breaks for family and job I have stayed in the class for most of my life.

As I wanted to give something back to the OK class, I actively contributed as the vice president of the german association for several years and since 2017 I am the secretary of the german class association. I organised the Worlds in 2018 in Warnemünde and the Euro 2019 in Kiel.

Also during my time as secretary the presentation of the class in Germany was modernized with an active website and our association owned OK has just been updated to a 2020 Synergy boat.

I'm very interested in the position of VP Sailing and I am sure I can contribute to the committee and the international class in this position.

Viele Grüße Andreas
